

Flashnote Derby Knowledge Base

Version 3.1.2 is here! See what's new in the [release notes](#).

Basics

- Changing the length of time the player has to answer.
- Quickly clear all the notes in a staff.
- Turning the sound off and on.
- How to answer by playing the note on the piano
- Answering flashcards by playing on a MIDI instrument
- Creating users to track progress

[Show all in this category...](#)

Help for Teachers

- Creating a teacher account
- Creating users to track progress
- Deleting and moving users in the list
- Sending a preset drill to a student
- Linking with a student's device

Troubleshooting

- My answer is being marked wrong even before I have a chance to play it.
- I sent a drill to my student, but nothing happens when they try to open it.
- I don't have the option to send preset drills to students.
